

## Gary Lapera, FAIA

### Industry Executive, Vice President – Infrastructure

Mr. Lapera brings more than 30 years of proven architectural, urban planning, and development experience to his position as Industry Executive, Vice President - Infrastructure for CDI/L.R. Kimball's A/E, Geosciences, and Transportation Divisions. His international portfolio reflects his expertise in global design, client management, development strategies, and team leadership, with projects as varied and complex as the South Park Master Plan for the Allegheny County Department of Public Works; the Philadelphia Eagles Stadium Master Plan; the Waterfront Urban Renewal Plan for the City of Camden, New Jersey; and the Statue of Unity Riverfront Master Plan in Kevadia, India.

Prior to joining CDI/L.R. Kimball, Mr. Lapera served as Principal and Studio Director at Michael Graves & Associates, where he was instrumental in key projects in historic cities, including the Philadelphia Eagles Headquarters and Training Facility in Philadelphia, and the Louwman Museum in The Hague, Netherlands. His ability to design sustainable spaces that respect the socio-political issues affecting a project has set Mr. Lapera apart from his industry peers and positioned him as one of the industry's most thoughtful innovators. His award-winning work stands as a testament to his efforts as an accomplished designer whose ability to closely examine building types and project delivery has produced unique opportunities for developers, builders, and end users.
